

The Kooks - Forgive & Forget

Tom: B

Don't say that I never moved you
Just because I saw the life before you did
And yes I know that I never showed you
All the rooms inside my soul

Yeah!
Yeah!

You say you need someone to love you
But it ain't me...

Walking up and down the hall
Frankie and his third lover
Speaking all the words she wants to hear
But that don't mean forever

Yeah!
You say you need someone to love you
But it ain't me...

Sitting down by the fire
Frankie plays the guitar
To people playing make believe
They say: "Can we get a little higher?"

You give it away x4

So easy Baby
But I can't stand an hour break, another day
So let me make it easy Babe
And it goes on and on and on and on
on and on and on

Packing her bags, she found somewhere to stay
And in the car to the station
You know the world a little brighter
And then there's no need for conversations...Tell me why

You give it away x4
So easy Baby
But I can't stand an hour break, another day
So let me make it easy Babe
And it goes

Yeah! You say you need someone to love you
Yeah!
You say you need someone to love you
But it ain't me...

Yeah!
So I forgive and forget you
You say you need someone to love you
But it ain't me...

Acordes
