

# The Kooks - Fractured And Dazed

Tom: D  
Intro: Em D G D C D

D  
I'll never give your love  
Never give your love away  
Remember love, When we weren't so fractured and dazed  
In a world where we try to hurt eachother  
I know you feel bad  
For what you did and how you recovered  
I'm a blessed man  
Just to have touched your face  
But then again  
Who are you to make me replace that  
And if I was you  
I would have done the same  
When lies meant truth to you  
It was you who loved the fame  
I'll never give your love,  
I'll Never give your love away  
I'll never give you up  
No matter what you say  
I'll never give your love,  
I'll Never give your love away  
I'll never give you up  
No matter what you say  
( G C G C )  
And if I was you  
I would have done the same  
When lies meant truth to you  
It was you who loved the fame
