

The Lost Brothers - Soldier's Song

tom:
Capo: 5ª casa
Intro: C F C F C

Oh, lonesome driver
How far we've come?
Can you tell me the road I am on?

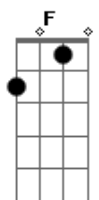

I was a soldier
In that old war
They never told me
What I killed for

See that graveyard with all my friends
When will I see their face again?
Go get my lover on the phone
I do not know when I'm comin' home

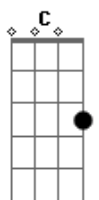

The light is turnin'
The light is strange
I look behind me
But nothing's changed

The road is windin'

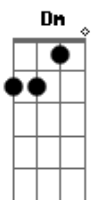

Acordes

The river's long
And so I sing
The soldier's song
(C F C F C)

I was a soldier
In that old war
They never told me
What I died for

The light is turnin'
The light is strange
I look behind me
But nothing's changed

The road is windin'
The river's long
And we sing
The soldier's song

Ooh-ooh-ooh
Ooh-ooh-ooh
