Am D F G Em  
 Mama said in the morning when I went through that door  
 Am F G Em  
 See my son I?m lonely but I?m looking for love  
 Am F G Em  
 In this very moment it's what I want for all  
 Am F G Em  
 You and I together

Walking around learning with my mistakes  
 Looking for a God who my soul learned to wait  
 Praying to the Jesus, helping find my way  
 You and I together  
 You and I together  
 Am F G Em

G

 It's not the words you said to me, I?m living on my way

 Cause for you looks all so free, breathing on my way

 Watching the wheels spinning around, living. living, living

 I?m leaving home, taking so many tears  
 Hey Mr. human, can you bring love to me
