

The Lumineers - Leader Of The Landslide

tom:

F

C
Every night I saw you there
F
In your old wicker chair
C **F**
Singing, ooh
C
You were wrong, I was right
F **C** **F**
Didn't matter in a fight, ooh

C
Coffee mug filled it up
F
Always knew what it was
C **F**
Sing, ooh
C
Been on your side for years
F **C** **F**
You could never love without crying

Dm **F** **C**
Is she dead, is she fine
Dm **F**
Every day, every night
(**C** **F**)

C **F** **C** **F**
Fate has dealt me a lonely blow, I said, ooh
C
Tried to help, only hurt
F **C** **F**
In the end I made it worse, ooh

Dm **F** **C**
Is she dead, is she fine
Dm **F** **C**
Every day, every night
(**C** **F**)

C **F**
Give back my keys, give back my chair
C **F**
Take back those clothes you always left on the floor
(**C** **F**)

C **F**
You drove me wild, drove me insane
C **F**

Drank the whole bottle, forgot my name

Dm **G**
All I ever wanted was a mother for the first time
Dm **G**
Finally I could see you as the leader of the landslide

C **E** **Am** **F** **C**
She left, she left, the writing's on the wall
E **Am** **F** **C**
Please believe me, I smell the alcohol
E **Am** **F** **C**
The only thing I know is that we're in too deep
E **Am** **F**
And maybe when she's dead and gone I'll get some sleep
(**C** **F**)

C **F**
You blamed it all on your kids
C **F**
We were young, we were innocent
C **F**
You told me a lie, fuck you for that
C **F**
Fuck all your pride and fuck all your prayers

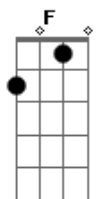

Dm **G**
And all this time I waited like a fool and for the first time
Dm **G**
Finally I can see you as the leader of the landslide

C **E** **Am** **F** **C**
She left, she left, the writing's on the wall
E **Am** **F** **C**
Please believe me, don't answer when she calls
E **Am** **F** **C**
The only thing I know is that we're in too deep
E **Am** **F**
And maybe when she's dead and gone I'll get some sleep
(**C** **F**)

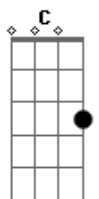

C **E**
Out there on my own I was feeling so alone
Am **F**
Like a poltergeist in the afterlife
C **E**
Fading by degrees, I was shaking in the knees
Am **F**
In the aftermath of this broken glass

F **C** **G** **Am**
Ah ah ah ah
F **C** **G** **Am**
Ah ah ah ah
F **C** **G** **Am**
Ah ah ah ah
