The Lumineers - Submarines

Tom: G
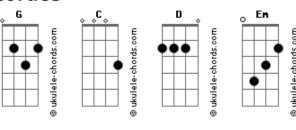

```
   G          C  G        D
I believe submarines
G          C       G        D
Underneath deep blue seas
G            C  G        D
Saw the flag, japanese
G            C    G      D
No one will believe me

Em
Ran back to the town bar
         G
And I told the people how
Em
I'd seen a submarine
         C
And everyone laughed aloud

( G  C  G  D ) 2x

G            C  G        D
I did spy a periscope
G                 C      G         D
Dead of night on the eastern coast
G          C      G       D
The police made them jokes
G          C   G        D
Told me I'd seen a ghost

Em
Everyone thinks I'm a liar
G
No one knows the truth
Em
If it was a bigger fire
C
```

I would be on the roof

(G C G D) 4x

```
G                    C        G
Ships will rust in Baldwin Bay
 D   D   D
(Let me go)
G               C        G
No one trusts what I say
 D  D      D
(I don't know)
G            C       G
Oh my God no one pays
 D  D  D
(Attention)
G              C          G
Overnight my hair turned gray
 D  D  D
(Oh Oh Oh)

Em                      G           (Pausa)
In the end it boils down to credibility
Em                      C                    ( G  C  G )
I had none so I will die with the secrets of the sea

 D  D  D   ( G  C  G )
