

The Maine - Don't Come Down

Tom: A

Intro: 2x: D A E E

Verso 1:

Here's to now
And nothing else
In the crowd
All by yourself

Pré-Refrão:

To the lows and every high
The hellos and the goodbyes
In this moment, I could die
With you
Never felt like this feel before
Dizzy, drunk, and beautiful
In this moment, I let go
With you

Refrão:

When you're next to me and the music's loud
Singing 'Hey Nineteen' somewhere in the crowd
We are up so high
They can't touch us now
We are thousands of feet from the ground
And won't come down
We won't come down

Verso 2:

Yeah, here's to all
To all this culture's rules and your pretty things
How dirty, wild, blurry, juvenile
We ain't got no time for what tomorrow brings
And the choir sings

Pré-Refrão:

To all the lows and every high
The hellos and the goodbyes
In this moment, I could die

With you

Refrão:

When you're next to me and the music's loud
Singing 'Hey Nineteen' somewhere in the crowd
We are up so high
They can't touch us now
We are thousands of feet from the ground
And won't come down
We won't come down

Ponte:

Here's to now
And to nothin' else
In the crowd
All by yourself
To the lows and every high
The hellos and the goodbyes
In this moment, I could die
With you
Yeah, right here with you!

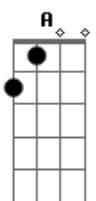

Refrão:

When you're next to me and the music's loud
Singing 'Hey Nineteen' somewhere in the crowd
We are up so high
They can't touch us now
We are thousands of feet from the ground
Yeah, we're never going down

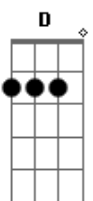

Final:

To the lows and every high
The hellos and the goodbyes
In this moment, I could die
With you
Never felt like this feel before
Dizzy, drunk, and beautiful
In this moment, I let go
With you
