

# The Maine - My Hair

Tom: C

C Dm Am  
My hair is tired and it's falling out  
Dm Em F  
But before it all does I think I will let it down  
C Dm Am  
I'll grow it out like it's the 60s, man  
Dm Em F  
Because I feel young enough and just because I can

C Dm Am  
Grow your hair out, let your hair down while you still can  
C Dm Am G  
Because it'll fall out, you'll go bald like an old man

C Dm  
Put the top down, let your locks blow around  
Am G  
Driving through town without a care  
C Dm Am  
Grow it to the ground, let it all down everywhere  
G  
Grow out your hair

C  
C Dm Am  
The other morning as I rolled on out  
Dm Em F  
Of my bed I got tripped up by something on the ground  
C Dm Am  
My curls had grown all the way to the floor  
Dm Em  
I kinda like the way it looks  
F  
I'll grow it out some more

C Dm Am  
Grow your hair out, let your hair down while you still can  
C Dm Am G  
Because it'll fall out, you'll go bald like an old man  
C Dm  
Put the top down, let your locks blow around  
Am G  
Driving through town without a care  
C Dm Am G

Grow it to the ground, let it all down everywhere

Dm G C  
Nobody's gonna tell me how to wear my hair  
Dm G C  
Not my momma or a big wig millionaire  
Dm G  
I'll let it all down anywhere  
Am  
I'll let it all down everywhere  
F  
See I don't care if you all care  
G  
It's on my head and it's not your hair

C Dm Am  
C Dm Am G  
Grow your hair out, let your hair down while you still can  
C Dm Am G  
Because it'll fall out, you'll go bald like an old man  
C Dm

Nobody's gonna tell me how to wear my hair  
(Nobody's gonna tell me how to wear my hair)

Nobody's gonna tell me how to wear my hair  
(Gotta cut loose!)
