

The Marias - Over The Moon

tom:
[Refrão]
I'll be your baby
There's nothing better I'd rather do
I'm lost, completely
I might as well be over the moon

[Primeira Parte]
I'd like it if you tried
Before you change my mind
Are you gonna be here with me?
I know you better

This momentary ride
This fire by my side
Are you gonna be here with me?
You know that

[Refrão]
I'll be your baby
There's nothing better I'd rather do

I'm lost, completely
I might as well be over the moon

[Segunda Parte]
You call me in the night
Imaginary lights
Are you gonna go back to sleep?
I know you better

Than you know yourself
I'm only saying
Play your hand with someone else
(Someone else)

[Refrão]
Don't tell me how to be your baby
There's nothing better I'd rather do
I'm lost, completely
I might as well be over the moon
I might as well be over the moon
