But I can understand
I know you never being kind of woman
To make a lot of plans
So do just what you feel you wanna do
Don't think about it twice
You got you carrier girl
Don't need my advice

We have a lot real good fun
but shame it had to end

Unpart the best of friends

And lucky you came the way
I better sign off now
So visions to say

To say good lucky to you
Good lucky in everything you do
You know it mean so much
You got that little smile touch

The world is act to fit
It gonna make you lucky someday soon somehow
Until you do
Good lucky in everything you do

I wish you all the best in what you do
You got the lucky touch
I leave you the carry on
But I miss you so much

I wish good lucky to you
Good lucky in everything you do
You know it mean so much
You got that little smile touch

The world is act to fit
It gonna make you lucky someday soon somehow
Untill that day
Good lucky to you in every way

The world is act to fit
It gonna make you lucky someday soon somehow
Until you do
Good lucky in everything you do
