

The Naked And Famous - Serenade

Tom: D

Oh darling I don't think this serenade
 is gonna carry through, is gonna carry through
 You're screaming and you're fighting with your brain
 and the battling war drives you back and forth, driving you insane

Refrão:

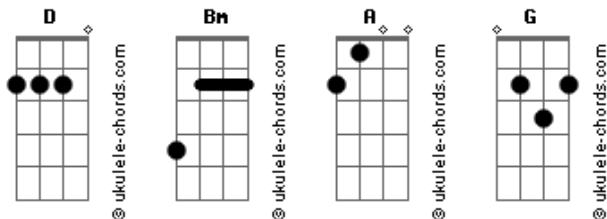

You're crying, you're crying, you're crying
 Oh but the salt tastes so divine
 This love, this love, this love
 is what I want, is what I want.

D Bm D Bm
 It's been a while since she had spoke to you
 and she passed some words, but then you passed a fire
 memories flooding back into that part that you want to forget
 and you wanna kill, ohh and you wanna kill

Refrão:

You're crying, you're crying, you're crying

Acordes

oh but the salt tastes so divine
 This love, this love, this love,
 is what I want, is what I want.

Ponte:

You drank far too much wine
 A dizzy spell to block out all the sunshine
 but it didn't do you justice for the crime of love
 no it didn't do you justice, it didn't do you justice all for her

(D Bm D Bm)
 (D Bm D Bm)

Oh love listen to me, you got it hard but soon it will be easy
 The crime of love was tried but you did not succeed
 no it didn't do you justice, it didn't do you any good
 it didn't do you justice, no it didn't do you justice all for her
