She was five foot four  
Getting money on tour  
But her socks were at the end of my bed  
Got our names tattooed on each other  
Just to prove to each other

That we'd do what we said  
Only took a few days  
'Til our minds were made up  
And we thought we should try it again  
I was only 17 when we first tried things  
When she first made me feel like a man

Who am I gonna call? **G** **C**  
Who's gonna catch me when I **G** **C**  
Who's the one you're sleeping with? **G** **C**

And wait for me to talk **G**  
You can call me up **Bb**

Phone works two ways, you know **F**
