

The Neighbourhood - Everybody's Watching Me

Tom: G

Am G D
I told you I would tell you everything you want to know
Am G D
You want me to tell you now
Am
You pressure me to shout it
G D
Need to hear about it
Am G D
Think that I would count you out

Am G D
I let you find it on your own
Am G D
Then I found myself alone

Am
Uh oh, where can I go?
G D
Everybody's watching me
Am
Uh oh, where can I go?
G D
Everybody's watching me
Am
Ooh ooh, what can I do

G D
If you're not here to tell you?
Am
Uh oh, where can I go?
G D
Everybody's watching me

I go through all the trouble of keeping it within my walls
I try to be as subtle as I can
Assume that nothing needs me, all I've done defeats me
It looks like you were right again
And again

Am
The more I want in, the more I want in
G D
The less I know, the less I know
Am
But I forgot it, I forgot it
G D
I'll be alone, I'll be alone, I'll be alone
Am
With everybody watching me

Watching me, watching me, me, me
They're watching me, me, me
Watching me, me, me, me
Everybody's watching me
