

# The Paper Kites - St Clarity

Tom: G

Intro: Em7 D C Em7

D  
Well it's how I see you  
When I see you from below

Em7 D  
And I feel no other lights or sounds or things I know  
Only your glow, only your glow

Em7 D  
So converse me with a steady tone of where you've been

Em7 D  
But I know that you're a timid love beneath the skin  
Breaking you in, breaking you in

C D Em7

I don't know you, but I know what you do

C D Em7

I don't know you, but I know what you do

Intro: D Em7

And I know you carry a sense of weariness I see

D  
You're the one I'm wanting with the plainest clarity  
Turning in me, burning in me

C D Em7

I don't know you, but I know what you do

C D Em7

I don't know you, but I know what you do

C D Em7

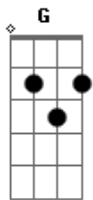

You level me sincerely from the centre of you

C D Em7

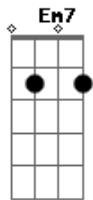

And it's how I see you when I see you from below

C  
When I see you from below
