

## The Paradox - Imani

```
'Cause you take me and break me, I hope you don't hate me
                tom:
                                                                I know that you're hurtin', but look what you've done to me
                                                                                               Db
 I was so down bad, I should've known you'd take me for a
                                                                You'll push me and shove me, pretend that you love me
                                                                But now that I'm gone, I don't ever want to meet a girl like
But I was going mad, I needed someone by \ensuremath{\mathsf{my}} side
 We had this hookup thing, I thought I wanted more, but I was
                                                                  Help me understand, I
                                                                                            really think you're out your mind
Wrong
                                                                I hope you find in time, the pain in my eyes was
You complicated things, this went on too long
                                                                  Stemmin' from my heart, I didn't want this any more than you
So I'll take my time, I'll pave my mind
                                                                I could feel it from the start, it filled up the room
We can't go on, I'm sorry if it hurts
                                                                So I'll take my time (I'll take my), i'll pave my mind (I'll
          F
But if you realize and realign
                                                                pave my mind)
      Db
                                                                  Db
You'll find that this was never gonna work
                                                                We can't go on, I'm sorry if it hurts
                                                                But if you realize and realign (realize, realign)
 You never liked my friends, the good news is they hated your
                                                                       Db
                                                                You'll find that this was never gonna work
Guts too
We'll never make amends, I get sick just thinkin' of you
                                                                 'Cause you take me and break me, I hope you don't hate me
                                                                I know that you're hurtin', but look what you've done to me
 There was some good times, had our fun and shared our
                                                                You'll push me and shove me, pretend that you love me
 If you could only see it's not meant to be
                                                                                               В
                                                                But now that I'm gone, I don't ever want to meet a girl like
                                                                vou
So I'll take my time, I'll pave my mind
We can't go on, I'm sorry if it hurts
                                                                 (Ooh-ooh-ooh) you
                                                                Dh
           F
But if you realize and realign
                                                                 (Ooh-ooh-ooh) you
You'll find that this was never gonna work
                                                                    I never wanna meet a girl like you
