## **The Police - A Sermon**

Tom: G	Main riff(lead)
-note that this tab is the only one of it's kind so far-	Chorus-Palm Muted
Tabbed by Kostkaskater	
This is pretty much the whole song on the guitar.	Its sounds just right. I modified it from the last one.
You play this pretty fast.	And I will be doing more since there is nobody doing this band\'s tabs.
Go double tempo with the speed of the drums and listen to it	
more to get the speed down.	Enjoy!
