   First to fall over when the atmosphere is less than perfect
                                                                    You live your life like a canary in a coalmine
   Your sensibilities are shaken by the slightest defect
                                                                    You get so dizzy even walking in a straight line

   You say you want to spend the winter in firenza
   You're so afraid to catch a dose of influenza
                                                                Е
