

The Raconteurs - Blue Veins

tom:

Intro: **Am**

Am

When I was surrounded by the world

Dm

You were the only one who came

Am

Dm

And you were the only one astounded

Which kept me grounded as the other girls

Am

Thrashed my very name

C

Then I looked over just in time

B7

To see her smiling back at me and saying everything's OK

Am

As long as you're inside my blue veins

Your blue veins

Dm

Yeah and the feeling that you gave me

No matter what I do or where I go

Am

It always will remain

Dm

And those who would enslave me

To get to me must get past you and will have no luck

Am

'Cause you'll protect me from all pain

The most beautiful

B7

Yeah the most beautiful thing

'Cause anything else can't compare

Must be the blood that's running

Am

Through your blue veins

Your blue veins

[Ponte] **Am Dm Am**

Am

Your blue veins

Dm

And I know you won't deceive me

Like the rest and there's nothing

Am

You need to explain

Dm

You always were the first one to believe me

When I said to you girl

Am

I think it's gonna rain

But I could be wrong

C

Yeah but all of these things

All these things

B7

They're all truly nice but ain't nothing

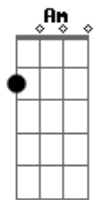

Ain't nothing compared to the love

Am

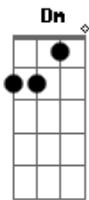

That's running through your little blue veins

Your blue veins
