If you call me I'll come running  
And you can call me anytime  
These sixteen strings we're strumming  
They will back up every line  
There's a motivation about you  
That moves me when we're apart  
It agitates my affection  
And it wants to break my heart

Help me, stranger  
Help me get it off my mind  
Get me back on my feet  
Brother, can you spare the time?  
Help me, stranger  
Help me get it off my mind  
Get me back on my feet

Brother, can you spare the time?

It's not essential that I feel you  
But it's a sensitive device  
I'm reverential when I hear you  
I genuflect to your advice  
Well, I wish I had the words  
And I want those words to rhyme  
And I wish I had the nerve  
'Cause I sure don't have the time

Help me, stranger  
Help me get it off my mind  
Get me back on my feet  
Brother, can you spare the time?  
Help me, stranger  
Help me get it off my mind  
Get me back on my feet  
Brother, can you spare the time?  
Brother, can you spare the time?  
Brother, can you spare the time?  
Brother, can you spare the time?  
Brother, can you spare the time?
