The Rocky Horror Picture Show - Science Fiction, Double Feature

```
Fight a triffid that spits poison and kills
                            tom:
                                                                 Dana andrews said prunes, gave him the runes
Intro: A G D A G D
                                                                 And passing them used lots of skills
[Primeira Parte]
                                                                 But when worlds collide, said george pal to his bride
         Α
Michael rennie was ill
                                                                 I'm gonna give you some terrible thrills, like a
            G
The day the earth stood still
                                                                 [Refrão]
        F
But he told us, where we stand
                                                                 n
                                                                                             Gbm
                                                                             F
                                                                   Science fiction double feature
                                     G
And flash gordon was there in silver underwear
                                                                        ΕA
                                                                                              Gbm
                                                                   Doctor x, will build a creature
      F
Claude rains was the invisible man
                                                                                                      Gbm
                                                                                 Е
                                                                                         Α
                                                                  See androids fighting, brad and janet
                                     G
     Α
Then something went wrong, for fay wray and king kong
                                                                                        Α
                                                                               E
                                                                                                       Gbm
                                                                  Anne francis stars in forbidden planet
They got caught in a celluloid jam
                                                                                               F
                                                                Oh, at the late night double feature picture show
                                   G
          Α
Then at a deadly pace it came from, outer space
                            Е
                                                                D
                                                                                               F
                                                                                                                 Α
And this is how the message ran
                                                                Oh, at the late night double feature picture show, I wanna go
