

The Rolling Stones - Already Over Me

Tom: C

(intro) Em C Em C

As you poured out the drinks for me
I felt your hooks sink right into me
And I knew you were my destiny
And I thought you'd get the best of me
(solo)

On the way down to Mexico
As I danced in your rodeo
You say poverty is picturesque
As you dragged your nails across my chest

(pré-refrão)

You're so cold
You're so cruel
I'm your man
Not your fool

(refrão)

Are you already over me
Are you already over me
Are you already over me
Are you already over me
Are you already over me
What a fool I've been

(solo)

In the first flush of ecstasy
As you lay naked next to me
While our love put the dawn to flight
I just ignore all those warning lights

Cause when you laugh

I just cry

When you left

I just died

Are you already over me

Are you already over me

Are you already over me

Are you already over me

What a fool I've been

Hard to hold on

To a love divine

I'm kneeling in a corner

Praying to your shrine

Em C Em C

Em C Em C

and I'm so hurt

So confused

I've been burned

I've been bruised

Are you already over me

Are you already over me

Are you already sick of me

Are you already over me

Are you already over me

Are you already tired of me

Are you already over me

What a fool I've been

What a fool I've been

What a fool I've been

Acordes
