

The Rolling Stones - High And Dry

Tom: F

High and dry well, I'm up here with no warning
 High and dry well, I couldn't get a word in
 High and dry oh, what a way to go
 She left me standing here just high and dry
 A minute I was up there standing by her side
 The next I was down there, well, left out of the ride and
 High and dry oh, what a way to go
 She left me standing here just high and dry
 Anything I wished for I only had to ask her
 I think she found out it was money I was after

High and dry oh, what a weird letdown
 She left me standing here just high and dry
 It's lucky that I didn't have any love towards her
 Next time I'll make sure that the girl will be much poorer
 High and dry oh, what a way to go
 She left me standing here just high and dry
 High and dry well, I'm up here with no warning
 High and dry well, I couldn't get a word in
 High and dry oh, what a way to go
 She left me standing here just high and dry
 Well, she left me standing here just high and dry
 Well, she left me standing here just high and dry
