

The Rolling Stones - Neighbors

Tom: E

Neighbors, neighbors, neighbors
 Have i got neighbors
 Have i got neighbors, all day and all night
 Neighbors have i got neighbors
 Ringing my doorbells, all day and all night
 Ladies , have i got crazies
 Screaming young babies
 No piece and no quiet
 I got tv's, saxophone playing
 Groaning and straining
 With the trouble and strife
 Is it any wonder, is it any wonder
 Is it any wonder, that we fuss and fight
 Neighbors, due unto strangers
 Do unto neighbors

What you do yourself, yourself, yourself
 Is it any wonder, is it any wonder
 Is it any wonder, that we fuss and fight
 Neighbors do unto strangers
 Do unto neighbors what to do yourself
 Yourself, yourself, yourself
 Neighbors, neighbors, neighbors
 Neighbors, neighbors, neighbors
 Do yourself a favor
 Don't you mess with my baby
 When i'm working all night
 You know that neighbors
 Steal off my table, steal of my table
 And doing alright, alright, alright
 Neighbors do unto strangers, do unto strangers
 What you do to yourself
