

The Rose - Shift

tom:
Capostrate na 2ª casa

[Primeira Parte]

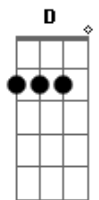

I think I need you
I knew you'd care
When I first saw you
I knew it then
I think that I love you
Cause it hurts so bad, so bad
Oh yeah I would die to
Call you my friend

[Refrão]

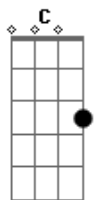

When you are feeling down
Stand by my side
And when I see you sometimes
I get tongue tied
Whatever you say goes
I love you now

[Segunda Parte]

I know you need me
You know I care
You speak with your eyes
I can always tell
I know that I love you
Cause it hurts you too I know I know
Oh yeah we can die for
All the things we have

[Refrão]

When you are feeling down
Stand by my side
And when I see you sometimes
I get tongue tied
Whatever you say goes
I love you now

[Final] C G C G

Whatever you say goes
I love you now
