

The Rose - Time

E

tom:

[Primeira Parte]

E

If it's the last time

A

I'll hold your hand in mine

Look into your eyes

Dbm

All our good times passing by

Remembering our highs

A

It's hard to say goodbye, oh-oh

E

When was the last time

A

We laughed until we cried

Might be the last time

Dbm

I know we're near the end

Can't rewind it back to when

A

We wasted our days and nights just dreaming

[Refrão]

E

This is the last time

Closing scene to your story

A

Thank you for your time

Cheers to a new opening

Dbm

I'll miss you endlessly

Hope we meet again someday

A

Smiling like before

Time will heal us

E

Missing you, missing you now

Missing, missing you now

A

Missing you, missing you now

We're missing you

Dbm

Missing you, missing you now

Missing, missing you now

A

Missing you, missing you now

We'll kiss you, goodbye

[Segunda Parte]

E

Rushing to save time

A

But time waits for nobody alive

Acordes

Dbm

I can't turn back what's done

Can't change us

A

Wanna spend more time beside you

[Refrão]

E

This is the last time

Closing scene to your story

A

Thank you for your time

Cheers to a new opening

Dbm

I'll miss you endlessly

Hope we meet again someday

A

Smiling like before

Time will heal us

[Ponte]

Dbm

Oh, know the healing won't be overnight

Dbm

Countless nights crying over nights

B

Oh, yeah, know the healing will take time

A

Start dealing with it now, oh

Siganeul geureyeo

[Refrão]

E

This is the first time

Closing scene to your story

A

Thank you for your time

Cheers to a new opening

Dbm

I'll miss you endlessly

Hope we meet again someday

A

Smiling like before

Time will heal us

E

Missing you, missing you now

Missing, missing you now

A

Missing you, missing you now

We're missing you

Dbm

Missing you, missing you now

Missing, missing you now

A

Missing you, missing you now

We'll kiss you, goodbye
