

# The Rose - You're Beautiful

tom:

**D**

I got you **D**

You got me

Nothin' in the way  
**Bm**  
There's something special

What you do to me  
**G**  
Already got to me now  
**Bb**  
Taking my sanity oh, so slowly  
**D**  
There's no words, no filter, no anything  
**Bm**  
Just capture the essence of everything  
**G**  
No looking at stars for answers  
**Bb**  
Nothing could shine as bright as you

You're the only

**D**  
Beauty's just the state of mind  
**Bm**  
You don't even have to try  
**G**  
Don't let them tell you otherwise  
**Bb**  
You're beautiful, I'll tell you why  
**D**  
I love the way that you're designed  
**Bm**  
Love the way we intertwine  
**G**  
Still don't need a reason why  
**Bb**  
You're beautiful and now you're mine

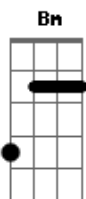

**D**  
And now that  
I'm with you

Another day  
**Bm**  
To show you

No there ain't no other

No there ain't no other but you

No there ain't no other
