

The Runarounds - Funny How The Universe Works

It's funny how the universe works
My heart feels funny when you're tryna make it hurt
I keep on runnin' into you, it's like a curse
But I'm lovin' now it's only gettin' worse
'Cause I kinda like it when you got my tongue-tied
Feel all the chemistry was starin' at your eyes
That's all just history, I know we said goodbye
But I said fuck it, I just want you one more time
  And I'm wonderin' why do we even part
                                               A Gbm
 And I'm stutterin' when talkin' get this hot
                                                      Dbm
 And I'm sufferin' your love, it left me scarred
 If I say some things I mean, please disregard
When I saw you across the room
A girl that I once knew
Maybe different than before
When I saw you across, I knew
I had to make a move
Lesson's learned around the door
Whoa oh oh oh, won't you please come hold me?
       Dbm
Whoa oh oh oh, won't you crush me slowly?
Whoa oh oh oh oh , won't you please come hold me?
       Dbm
Whoa oh oh oh
```

You're the type of girl to start a scene Now it's just a game, another opportunity Placin' our bets, who is gonna concede I don't wanna win, baby, take my sanity 'Cause I kinda like it when you got my tongue-tied If you break my heart, I want you squeeze it till it dies Tough we were history I know we said goodbye But I said fuck it, I just want you one more time And I'm wonderin' why do we even part And I'm stutterin' when talkin' get this hot Bm Dbm And I'm sufferin' your love, it left me scarred If I say some things I mean, please disregard When I saw you across the room A girl that I once knew Maybe different than before When I saw you across, I knew I had to make a move Lesson's learned around the door Whoa oh oh oh, won't you please come hold me?
