

The Rural Alberta Advantage - In The Summertime

```
tom:
                Eb (forma dos acordes no tom de C )
Capostraste na 3º casa
In the summertime
I don't know if the stars were aligned
We'd stumble onto something we would like
And I'm afraid I lost the words tonight
And in your summer dress, was holding you
              Em
But you were holding less
It's not the words, it's the ones you stress
I love as I love you just don't love me less
And once in a while
I know our hearts beat out of time
And once in a while
I know they'll fall back in line
In the summertime
```
