    C    Am7   D    Em7

                    C          Am7
Girl that brings you down, down, down
                    D          Em7
Girl that brings you down, down, down
                    C          Am7
Girl that brings you down, down, down
                    Em7     G
Girl that brings you down, down, down

Em
Don't give yourself away
D
Don't live your life that way
G                      Am7

             C
Now you've got yourself to blame
      Am                         Em
Don't put yourself back in the fire again

        Em                     D
It's the same damn things you're so quick to believe
       G            Am7
You do it over and over again
                  B7
And it's the same mistakes that I'm watching you weave
       D                  (D7M  D )
You do it over and over again

                 C
So before they bring you down
C             Am7                      D
You gotta stand for something or you'll fall for anything
