

The Shins - Sea Legs

Tom: F :Chorus outro
 Throw all consequence aside

Its a really easy song if you follow the rythm. this is just the chord shapes in order appear. please note that the song is played on acoustic and do not be thrown off by the bassline

Then back to intro chords and again play the chorus followed by chorus outro. then after the outro:

:Intro/verse chords

And the chill aspire, people set alight(play chords after this is sung)

:Chorus

Cause when the dead moon

the rest of the song isnt too hard if you want to learn it and where the x's are you can the surrounding notes if you wish. other that that... Enjoy :)
