Talking in my sleep now

```
Cold sheets on the floor
As I chase you through the night
No Clear direction
Ab7
No end in sight
And for a moment I awoke
Frightened of the words I had spoke
But will my lover ever know
I whisper your name in the night
    Dbm
Ooh Girl
Talking in my sleep now
        Gbm
Talking to you girl
Talking in my sleep now
Dbm
```
