

The Strokes - 15 Minutes of Pain

Tom: D
Intro:

I was all just a dream, Oh no
The worst it was real
All my pets they were there and they smiled
Take a seat it looks fine
dedilhado:

Everybody so inviting
They got it in for me I know
It's not that I don't really love you
It's just that I don't really know
The hateful things you think you want to say
Time will turn them into jokes - yeah
If it was all just a dream, Oh no
Was it real? I don't know (I hope so)
If it was you were on there with me
Overjoyed in a peach
Here we go. Can I play? Can I watch?
He would like one more night in your life
I saw the worlds, they don't stop, they're like us
They go fast, like a Sun that's been shot
A (toque mais rápido, e faça

pestana aqui)
Everybody at the party
Shouldn't worry if I'm there
Cause today they'll talk about us
And tomorrow they won't careeeeeeeee
D Bm A
"03:25

This whole life,
Is it a dream? I can't tell
I got up then I waved, then I fell
I recall, you were all there with me
Overjoyed and at peace
First time around
Second took so long
Third time's a charm
Circle of fourths
Five days to rehearse
Six to make it work
Seven notes in a scale
Eight in some countries
Nine in fancy keys
Ten years we've been friends
Eleven seconds to hell
And of course twelve major chords

Acordes
