

The Strokes - A Minor 4-4

Tom: **C**

Here's the main riff of the song

E|-----|

A
Well on top of me you look this way

saying to me that I would say

Dm
every little creature that lives alone

E
time gets enough to get him sit right down

Am
and now time's a reaching and I'm not there

and in the end and I am said/sad

Dm
all the little people, they're in your way

E
and a something..... someone to bowl with

Am
and I'm tired
Am

but I'm older

Dm
and I said that I was wrong

Am
and I'm not going that way

Am
see I ain't going that way

Am
and I'm not going that way

Am
and I'm not going that way

in a church wehn went in your in that fate
bring it down and a past in your visit
all the little poeple that run around
and I touch them someone that's underground

and hes always
from the corpses
and all a trying yaw yaw yaw (well that's what it sounds like)
finally a part of something new
I'll show them all back home

where's the child I overheard?
and I'm not going that way
i'm not going that way
I'm not going that way
cause I always go your side in

Acordes
