

The Strokes - Selfless

tom:

Can the dark side light my way? Oh, yeah-eah
 Lay your hand across my face, yeah-eah
 Time we lost, that's all my fault

Please, don't be long, 'cause I want your love
 I don't have love without you around
 Life is too short, but I will live for you

(A B E A B E)
 How did this fit in your story? Yeah-eah
 Why'd you let them judge your body? Yeah-eah
 I'll be waiting there outside, yeah

Please, don't be long, 'cause I want you around
 I don't have fun without your love

Life is too short, but I will live for you
 You're mucking off, but I will live for you, my selfless love

Bite my tongue and wait my turn
 I waited for a century
 Waste my breath, no lessons learned
 I turn and face the enemy

I'm not scared, just don't care
 I'm not listening, you hear?
 He's never there, but I don't care
 I can't tell you what and where

Yeah-eah
