[Primeira Parte]

**E** **Gbm**  
Have you ever chased the night that sailed in front of you  
**E** **Gbm**  
On a boat that's bound for hope but left you in the queue  
**B** **Dbm**  
With your shouting, waving, taunting, flaunting friends as crew  
**Bm** **Gbm**  
Telling you that every lie you ever heard was true  
**Em** **D** **Db**  
Have you stood upon that dock - have you ever had it blue... uhh

[Segunda Parte]

**E** **Gbm**  
Have you ever woke to find the morning didn't come  
**E** **Gbm**  
Undelivered with the papers stolen by someone  
**B** **Dbm**

Found the milkman bound and gagged and shackles 'round the sun  
**Bm** **Gbm**  
And the holder of the keys turns out to be the one  
**Em** **D**  
The girl you had your heart set on - have you ever had it blue  
**Em**  
Have you ever had it blue  
**D** **Db**  
Have you ever had it blue... uhh  
  
( **E Gbm E Gbm** )  
( **Abm Gbm Abm Gbm** )

[Terceira Parte]

**E** **Gbm**  
Have you ever watched the day, passing by your door  
**E** **Gbm**  
Powerless to change its course, your feet fixed to the floor  
**B** **Dbm**  
When all the people you thought you knew are changing more and more  
**Bm** **Gbm**  
Even the girl you thought would see, seems only to ignore  
**Em** **D**  
The only love worth fighting for - have you ever had it blue  
**Em**  
Ever had it blue  
**D** **Db**  
Ever had it blue
