

The Travelers - You Don't Know

tom:

E

Baby, I've seen you in the summer,
And my heart sounds like a drummer,
you don't know
you don't know

E

I'm steel feeling about last night
When you and me were dancing high
You don't know

E

You don't know
(E Gbm A)

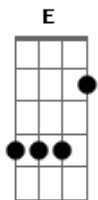

E

And I'm thinking I'm falling in love
so just get a little close
You don't know
But I know

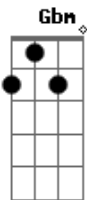

E

By my side in this summer
Can be London or Copacabana
So let's go
Through the world
