Intro: F7M E7 Am
       Am7 F7M E7 Am
(Hmm, hmm, oh...)
[Primeira Parte]
I never thought I'd find these words
But they've been waiting deep inside
                              F7M E7
You are the blessing I've been shown
The reason hope will never hide
              Am7 F7M
Every silence still remembers
Every heartbeat calls your name
                         F7M E7
                  Am7
Even when the night feels empty
Our love is burning just the same
[Refrão]
You are my prayer, you are my song
The place where my soul belongs
                   Am7
                               F7M E7
Through every trial, through every tear
With you beside me, love feels clear
[Segunda Parte]
Even when the distance lingers
I can feel your gentle hands
                       F7M
Faith reveals the life we're building
                    Am

With you beside me, love feels clear
