(Hmm, hmm, oh...)
[Primeira Parte]
I never thought I'd find these words
But they've been waiting deep inside
The reason hope will never hide
              Am F
Every silence still remembers
Every heartbeat calls your name
                 Am F E7
Even when the night feels empty
Our love is burning just the same
[Refrão]
You are my prayer, you are my song
The place where my soul belongs
Am F E7
Through every trial, through every tear
With you beside me, love feels clear
[Segunda Parte]
Even when the distance lingers
I can feel your gentle hands
Faith reveals the life we're building
                   Am
```
