

The Two - First Of January

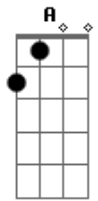

Tom: **A**
m

Looking for something to think about
And air to breath on that day
Looking for hope in a dark and empty deep well
And even knowing that better days will come
I know we will suffer for four years or more
I can't get any satisfaction
From seeing smiles amid forest and sun colors
To those who govern by decreeing
Only I desire all that you preach
For you who despise the rights of each
And incessantly deny the power of the laic state

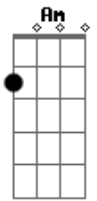

I just have to say fuck all this shit
Gbm
Fuck the general
A
Fuck the captain
E
Fuck the ministers
Gbm
Fuck the first lady
Gbm
I just want the right to live quietly **A**
E
Without persecution or restraint on my friends **Gbm**
Gbm
Live the right to live! **A**
E
Live life and the right to be **Gbm**
Gbm
Whatever you want
A
Whatever you want
E
Whatever you want
Gbm
Now!
