

The Vamps - Stolen Moments

Tom: C

You tell me I'm a friend, but confused minds and blurred lines
Have brought it to an end, and all that is left now
Is where it's going to end? I don't know, no
It used to be enough, to have you around me,
Before we said to much, now you can't be around me
Cause now you find it hard, not to drop your guard, oh, not to drop your guard

I'm breaking in, to steal it all

Call me a thief, girl if you want

There's no way to defend, when you pull all the walls down
It's harder to pretend, but I don't want it all now

I need it even more, every time you go, I, I hate to watch you

go

I'm breaking in, to steal it all

Call me a thief, girl if you want

We're the puzzle I can't fix, a million pieces still missing

When I look at you and me, I still can't tell what this is

But it's out of my control, love's a hole you say you don't wanna fall in, but you keep falling

I'm breaking in, to steal it all

Call me a thief, girl if you want

That I spent with you, that I spent with you, that I spent with you, that I spent with you

Acordes
