

# The Vamps - Talk Later

Tom: **A**

**m**  
Looking in the mirror  
**D**  
And all I see is liquor  
**G**  
Wishing I was somewhere else

( **C** )

**Am**  
Pushing through the bodies  
**D**  
'Cause I only want your  
Body  
**G**  
Wish I didn't look like hell

( **C** )

**Am** **D**  
I get confused  
**G** **C**  
Putting labels on things makes them complicated  
**Am**  
Don't think  
**D**  
Just do  
**G**  
When the music gets too loud  
**C**  
It's hard to say it

**Am**  
So can we talk later?  
**D**  
Then you can tell me what you want  
**G**  
When we ain't faded  
**C**  
'Cause right now there's smoke in our lungs  
**Am**  
After we're naked  
**D**  
When your body says just what it wants  
**G**  
Can we talk, can we talk, can we talk, can we talk?

( **C** )

**Am**  
Spending half my night  
**D**  
Reading all the signs  
**G**  
I thought you wanted someone else

( **C** )

**Am**  
But in the hotel lobby  
**D**  
You tell me that you want me  
**G**  
I wish I didn't look like hell

( **C** )

**Am** **D**  
I get confused  
**G** **C**  
Putting labels on things makes them complicated  
**Am**  
Don't think  
**D**  
Just do  
**G**  
When the music gets too loud  
**C**

It's hard to say it

**Am**  
So can we talk later?  
**D**  
Then you can tell me what you want  
**G**  
When we ain't faded  
**C**  
'Cause right now there's smoke in our lungs  
**Am**  
After we're naked  
**D**  
When your body says just what it wants  
**G**  
Can we talk, can we talk, can we talk, can we talk?

**C**  
Can we talk talk talk

**Am**  
After the music dies  
**D**  
When we're back at mine  
**G**  
Under faded lights  
**C**  
Can we talk talk talk?

**Am**  
After the music dies  
**D**  
When were back at mine  
**G**  
Under faded lights

( **C** )

**Am**  
Looking in the mirror  
**D**  
My vision's getting clearer  
**G**  
So we should go somewhere else

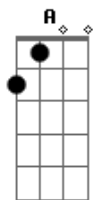

( **C** )

**Am**  
Where can we talk later  
**D**  
And you can tell me what you want  
**G**  
If we're still faded  
**C**  
From all the smoke in our lungs  
**Am**  
And we can get naked  
**D**  
And your body tell me more than once  
**G**  
Can we talk, can we talk, can we talk, can we talk?  
**C**  
Can we talk talk talk

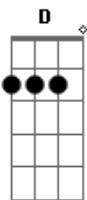

**Am**  
After the music dies  
**D**  
When we're back at mine  
**G**  
Under faded lights  
**C**  
Can we talk talk talk

**Am**  
After the music dies  
**D**  
When we're back at mine  
**G**  
Can we talk, can we talk, can we talk, can we talk
