

# The Vamps - Treading Water

tom:  
F (forma dos acordes no tom de D )  
Capostrate na 3ª casa

This lonely heart of mine grows colder every night  
And this glass upon my eye falls victim to the light  
Stuck in ca-alifornia, world out before ya  
But somethin's missin' (somethin's missin')  
You should be happy, whatever that means  
But something feels different

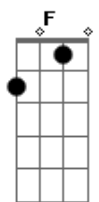

So wherever you are  
Hope you don't take too long  
I need a little love in my life  
I need a little love in my life  
I'm breakin' my own rules (my own rules, my own rules)  
You can't hurry things along  
So when you need a little love in life  
You'll find a little love

Been pushin' love away to save myself the hurt  
Ain't much heart left to break so clearly it don't work, work,  
work  
Stuck in ca-alifornia, world out before ya  
But somethin's missin' (somethin's missin')  
I should be happy, whatever that means  
I need anything to make me feel

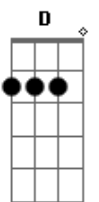

So wherever you are  
Hope you don't take too long  
I need a little love in my life  
I need a little love in my life

I'm breakin' my own rules (my own rules, my own rules)

You can't hurry things along  
So when you need a little love in life (little love, little love)

You'll find a little love

[Solo] D G Bm A G

Grew up underneath the rising love  
Watched it battle through the turbulence  
I just wanna feel understood  
Patiently, I waited patiently  
To share all of my insecurities  
First, I really gotta work on me
