

The Wallflowers - Another One In The Dark

Tom: B

m ^D
We took 'em high, we took 'em straight up the hill ^G
^D They wanted it all, we gave 'em such a fill ^G
^D In their parades we stole every thrill ^G
^D And in their games we made every kill

^D We took them hard, we took them up against the wall ^G
^D In their loss we never let them fall ^G
^D In their flames we sailed up to the moon ^G
^D In their rains we stayed dry like a fire would

^D So the bottom of my fears ^{D7M} ^{Bb}
^D Is that the girl might just disappear ^G
^D But that'll be the death of me ^A
The day she's just a memory
(Bm Bm A G Bm Bm A G)

^{Bm} Well she turned out the lights
When she opened the whites of my eyes ^D
Another one in the dark ^{Gbm} ^{Bm}
Broken hearted mama ^A ^G ^A ^{A7M}
Just another one in the dark

^D When we rolled, rolled on like a big drum ^G
^D We went to the top just above everyone ^G
^D They wanted to win, tie us up with a string, and steal everything ^G
^D We took 'em skin on skin, we laid 'em down in the ring

^D So I swear, we're a pair ^{D7M} ^{Bb}
^D Like loneliness and a prayer ^G
And you know I may still believe ^G
You may still need me ^A
(Bm Bm A G Bm Bm A G)

^{Bm} Well, she turned out the lights
When she opened the whites of my eyes ^G
Another one in the dark ^D
^{Gbm} Broken from the start ^{Bm}
^A Just another one in the dark ^G ^A ^{A7M}

^D And in their nights we made out with a loud scream ^G
^D And in their sleep we howled inside every dream ^G
So if you're trying to break me ^D ^{D7M} ^{Bb}
^D Come on why don't you shake me ^G
Right out of my tree, the one that you made me, me ^A
^{Bm} Well, she sang out of tune
When she shot down the moon ^G
As I saw my all freeze
Down onto my knees
Where I was hit at the hip, between the cup and the lip ^{Bm}
^G As I was struck down under, with lightning and thunder
^{Bm} As she cut all the strings, that I'd tied to her wings ^G ^D ^{Gbm} ^{Bm}
Leaving me in the dark, we stood just feet apart ^A ^G ^A ^{A7M} ^D
But she never seen me at all
