

The Weeknd - Power Is Power (feat. SZA & Travis Scott)

Tom: E
m

I was born of the ice and snow
With the winter wolves, in the dark, alone
The wildest night, I became the one
And you'll know you're mine when the silence calls

Heavy is the crown
Only for the weak

The knife in my heart couldn't slow me down
'Cause power is power, the fire never goes out
I rise from my scars, nothing hurts me now
'Cause power is power, now watch me burn it down

I went down for the coldest one
And I know I'll win 'cause I played before, yeah
I don't know with whatever you say, I don't know if we need it
your way
You wouldn't take my place, put me away, I die lookin' up at
your face

How do I ever know, who can I trust, feelings of emptiness
Only love could kill me, God bless

The knife in my heart couldn't slow me down
(Couldn't slow me down)
'Cause power is power, the fire never goes out
(Cause power is power)
I rise from my scars, nothing hurts me now
(Nothing hurts me now)

'Cause power is power, now watch me burn it down
(Cause power is power)

Breathe, feel the air that I breathe (yeah)
Air that I, air that I breathe

(Ooh) who's hotter, been a monster with a crown
Soul-swapper, high water, keep your head up, you might drown
Hit as well, it's way colder, by the day, we count it down
Been around, just been waitin' up, she gon' come around

I took a drag, bust it out the gate, smile lil baby, slay
I wore a flag, put that on my face, ain't nobody safe
Lift the mask, they gon' have to see what they can't erase
I took a life, so I took it back (do-do-do-do-do)

(Yeah) danger's on my mind
Ain't no knife, dagger, bullet that can do it
'Fore you even know, oh yeah, that she'll do it, yeah

Heavy is the crown
But never for a queen (oh yeah)

The knife in my heart, it couldn't slow me down
(Couldn't slow me down)
'Cause power is power, the fire never goes out
(Cause power is power)
I rise from my scars, nothing hurts me now
(Nothing hurts me now)

'Cause power is power, now watch me burn it down
(Cause power is power)

(Ooh yeah) yeah, now watch me burn it down
