You are the sun C G
I am the moon C Em G
Chase you around like a better fool C G
Sometimes I go dark C G
Blocked by the world C Em C
You shine so bright, on the other side C
Gives light to the Earth G

And the morning comes too soon C D
'Cause I'm the Moon C Em

You are so far C G
Distant somekind C G
But I'll keep on staring until I go blind C Em G

And the morning comes too soon C G D
'Cause I'm the Moon C Em

But every once in a while C
We lock in the sky like clovers G
Just for the moment I cover F
You up and we will intertwined Em
But I hold you tight C
Just for a time and it's done G
Just for a time we were one F
Kiss and we say goodbye Em

You are the sun C G
I am the moon C G
Chase you around like a better fool C Em G
