

The White Stripes - Little Ghost

Tom: G

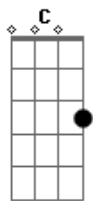

G G
Little ghost, little ghost
C G
One I'm scared of the most
D
Can you scare me up a little bit of love?
G
I'm the only one that sees you,
C G
And I can't do much to please you
D G
And it's not yet time to meet the lord above
G
The first moment that I met her
C G
I did not expect a specter
D
When I shook her hand I really shook a glove
G
She looked into me so sweetly
C G
And we left the room discreetly
D G
No one else could know the secret of our love
G
Little ghost, little ghost
C G
One I'm scared of the most
D
Can you scare me up a little bit of love?
G
I'm the only one that sees you,
C G
And I can't do much to please you
D G
And it's not yet time to meet the lord above
G
Every morning I awoke
C G
And I see my little ghost
D
Wond'rin' if it's really her that's lying there

G
I lean to touch her and I whisper
C G
But not brave enough to kiss her
D G
When I held her I was really holding air
G
Little ghost, little ghost
C G
One I'm scared of the most
D
Can you scare me up a little bit of love?
G
I'm the only one that sees you,
C G
And I can't do much to please you
D G
And it's not yet time to meet the lord above
G
Though I try my best to keep it
C G
There really was no secret
G D
Must have looked like I was dancing with the wall
G C G
No one else could see this apparition
C G
But because of my condition
G D G
I fell in love with a little ghost and that was all
G
Little ghost, little ghost
C G
One I'm scared of the most
D
Can you scare me up a little bit of love?
G
I'm the only one that sees you,
C G
And I can't do much to please you
D G
And it's not yet time to meet the lord above
D G C G D G
No, it's not yet time to meet the lord above
