

# The Who - Early Morning Cold Taxi

Tom: G

Three thirty-six  
It's cold.  
I know I'm growing old.  
But life's ?best side? on the downward slope  
It's in my own hands; I know how to cope.  
My girl's with me and all my friends can see...  
(Chorus)

Here I am again, early morning, cold taxi.  
Early morning, cold taxi.  
(Verse 2)

Done it before.  
Do it again.  
Know from experience, it's not in vain.  
She's the best I've had, I cannot see.  
What someone else could do to me.  
It's a long way home, but love's so warm you'll see.  
(Chorus)

Here I am again, early morning, cold taxi.  
Early morning, cold taxi.  
(Bridge)

Early morning cold taxi  
(not sure if this is  
Each time I do it, I feel so down and out.

Bb F  
Early morning cold taxi  
Though my mind thinks strange, I'll keep on no doubt.  
(Verse 3)

Three thirty-six  
It's cold.  
I know I'm growing old.  
One day we'll be wed. This I know, for it's what she said.  
Then no more will my mind be uneasy.  
{solo}

{second bridge}

Early morning cold taxi  
Each time I do it, I feel so down and out.  
Early morning cold taxi  
Though my mind thinks strange, I'll keep on no doubt.  
Three thirty-six  
It's cold.  
I know I'm growing old.  
One day we'll be wed. This I know, for it's what she said.  
Then no more will my mind be uneasy.
