

The Winery Dogs - Criminal

Tom: G

Intro: Gb C Dbm Gb Em A B A Gb B A G

Somebody ^G planted the ^C seeds of love but her vines are killing me
 It makes you feel so good you know... but it's bad, bad, bad
 I guess by now I should know the score
 But it's like somebody put some voodoo on me
 And I don't want it in my head I can't take it no more

I feel like a wanted man I'm not a criminal
 You got me in your hands and I've got nothing at all
 You got me believing your someone I'm needing
 But I'm brick in your wall and I'm in your hands
 And I'm running... you've got me running like a criminal
 (Gb B Gb Em B C)

I'm on the streets in the dead of night and waking up in the woods
 I'm feeling dirty inside my soul but I need somebody who can help me come clean
 I'm at the border down by Mexico
 And I don't know which way I should turn next
 Should I give it up... should I take it all the way?

All the way down, down, down, down

I feel like a wanted man, I'm not a criminal
 You got me in your hands and I've got nothing at all
 You got me believing your someone I'm needing
 But I'm brick in your wall you've got me in your hands
 And I'm running... you've got me running like a criminal
 (A C)

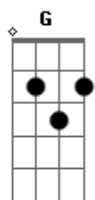

I'm a broken man that may be faded
 And I don't know the time I'm facing
 Yeah the lights is off my dime is up and I'm facing... facing the devil
 I gotta leave it all behind
