I must have been through about a million girls
                                                                      Gm
                                                                              Gm

I'd love 'em and I'd leave 'em alone

I didn't care how much they cried, no sir
                               Bb
Their tears left me cold as a stone
                                                               I'm on my own where I used be
But then I fooled around and fell in love
                                                              When i met you girl love just got hold on
I fooled around and fell in love
                                                              The fool just got to hold on me now
                                                                            Bb
I fooled around and fell in love

Ah, but when the, the grass got a little greener over on the
                                                              I fooled around and fell in love

But then I fooled around and fell in love
                                                              I fooled around and fell in love
I fooled around and fell in love, since I met you baby
