

The Winterfalls - Behind Your Smile

tom:

Db

Intro: Db A Em B Em

Db A Em B Em
 I'm choking on the silence, every breath a war
 Db A Em B Em
 Fighting shadows in the dark, but I don't know what for
 Db A Em B Em
 Your words were daggers wrapped in velvet lies
 Db A Em B Em
 Now I'm tangled in the echo of goodbyes

Db A Em B Em
 The promises we made are ashes on the floor
 Db A Em B Em
 Burning pieces of a love that is no more
 Db A Em
 You smiled while you watched me slowly drown
 B Em B
 The king you crowned has now burned his crown

Do you feel it? this weight in your chest?

Or was love just a game, a cruel test?

I see through the cracks of your porcelain grin

What monster hides beneath your skin

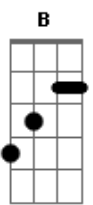

Db A
 Behind your smile, there's a storm untamed
 Em B
 A twisted dance of love and pain
 Db A
 The tide has turned, and now I see
 Em B
 The villain you were shaping was me

(Db A Em B Em)

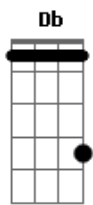

Db A Em B Em
 Behind your smile there's a spark meant to ignite
 Db A Em B Em
 But love is a fire that burns out of sight
 Db A
 I tried to build us a fortress so high
 Em B
 Yet you tore it down with every lie

Db A
 I became what I swore I'd never be

Em B Em
 A mirror of the darkness you gave to me
 Db A
 Now the roles reversed, I wear your face
 Em B Em
 Lost in the madness of our twisted chase
 Do you feel it? this weight in your chest?
 Or was love just a game, a cruel test?
 I see through the cracks of your porcelain grin
 What monster hides beneath your skin

Db A
 Behind your smile, there's a storm untamed
 Em B
 A twisted dance of love and pain
 Db A
 The tide has turned, and now I see
 Em B
 The villain you were shaping was me

(Db A Em B)

Is redemption just a word we say
 When love slips like sand and drifts away?

I wore your scars, now they feel like mine

In this cruel ballet where hearts entwine

Db A
 Behind your smile, there's a storm untamed
 Em B
 A twisted dance of love and pain
 Db A
 The tide has turned, and now I see
 Em B
 The villain you were shaping was me

Db A
 The tides will shift, the winds will blow
 Em B
 We reap the pain from seeds we sow
 Db A
 And in your smile, I finally found
 Em B
 That love and hate both wear the same crown

(Db A Em B)

(Db A Em B Em)
